## 7.2 Best Practices

7.2.1 Describe the two best practices that the organization has successfully implemented according to the NAAC format provided in the manual.

Response:

Best Practices # 1

1. Title of practice

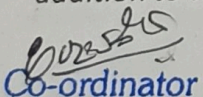

"Imbibing quality of social responsibilities "

2. Objectives of practice

The more number of the students enrolled form rural areas with various socio, economic background. Most of the students have been facing lot problems to get the higher education. The purpose of this practice is to provide education to the pupil to get the social responsibility and duties to lead the healthy life. Our institution not only focuses on the pursuing the degree's but also gives the importance the social responsibilities among the students. Our institution located in the urban area but the students one who admitted in the college are rural area. so we conducted various activities based on to create the social responsibilities among the students.

3. Context

Our institution aim is fulfilling the vision of the institution, promote and encourage Scheduled Castes, Scheduled Tribes and Backward Classes into higher education. Among all the influencing factors that contribute to growth, education is the most important factor, the fascinating fact is that most students at our institution are coming forward to pursue their degree. They come from remote villages with backward, socio-economic backgrounds, most of them from agricultural background, labour families and day wages families, so our institution promotes the students to acquire the higher education to face the challenges. In addition to this, senior faculties, Principal including IQAC felt the necessity of promoting these

students to imbibe social concern and responsibilities and thereby they also can continue to uplift the different strata of the society and bringing them to the main stream. Hence, college has initiated good number of activities through NSS, YRC and Scout & Guides like Literacy programmes to villagers, conduct of special programme on Prominence of higher education, guiding villagers about the Government scope for higher education and employability, different schemes of Government to uplift the different types of society and also conducting activities like; Cleanliness, road safety, infection of pandemic, Law awareness, village sanitation, hygiene awareness. Awareness of law, protection of crops, importance of co-operative societies, social relations. The role of organizations, self-employment, organic farming, superstitions, women's health, HIV / AIDS awareness, these kind of the programmes promoting our student's participation of our college students in these programs is to represent responsible citizens.

#### 4. Practice

"Almost half of the population of the world lives in rural regions and mostly in a state of poverty. Such inequalities in human development have been one of the primary reasons for unrest and, in some parts of the world, even violence" by Dr.A.P.J. Abdul Kalam.

Most of the population still lives in the villages. The number of youths are also increasing in the villages, so the future of the nation lies in the improvement of the villages, in this notion our institution keeps on practicing the various activities to promote the student in to the socio responsible citizen. Our institution has created a healthy environment by providing higher education to students irrespective of socio-economic background, our students of the institution obtained various scholarship schemes such as SC / ST Scholarships, OBC Scholarships, Minority Scholarships and 'Channagiri Virupakshappa' Merit Scholarships for talented students. These are the curriculum and extracurricular activities that students participate in the various activates through NSS, YRC and Scout and Guides Essay Contest, Quiz Competition, Cleanliness of villages, Conservation of forests, the role of self-associations, Awareness of modern agriculture, Construction of toilets, Village sanitation, Animal husbandry, Awareness of Infectious Diseases ,Blood Donation Awareness, HIV/AIDS awareness, Water consumption, Sadbawana Program, Healthy awareness, Organic farming, Health Check-up, importance of folklore culture, conservation of ground water, Law and Awareness programmes, road safety programmes, motor insurance , benefits form the banks, youth leadership programmes.

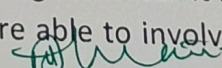

Our students also participated various camps like Inter colligated camps, District Level NSS Camp, Pre RD camp, R D Camps, National Integration camp, and National Level camp, Nature study, Disaster management camp, first aid treatment training, trekking and adventure, blood donation camps participated and also achieved good place in the various activates.

#### 5. Evidence of Success

It is evident from the organization's efforts that a large number of students from different socio-economic backgrounds, especially SC, ST and backward groups are coming to the college to graduate from our college, many of whom have advanced to higher levels. It is the evident from the effort made by the institution that, the students were able to involve the

practice like disasters management, first aid treatment, collecting fund for natural calamities, Law awareness programme, cleanness of villages, health check-up camps, road safety and traffic rules, like obtaining the driving licences for riding the two wheelers, started the wear the helmets while riding, insured their vehicles and educating the family members. More number of students educating the family members about epidemics in the rural areas. Apart from these the institution is successful in creating the graduates as socially responsible, creative and sensible to fight for social justice. As students are considered the future leaders so they would be the best medium in spreading the information related to legal awareness among the people. This practice is also aimed to spread knowledge of the legal rights and duties, to the poor and needy for their various problems.

#### 6. Problems Encountered and Resources Required:

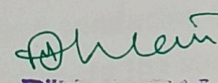

There are many problems when it comes to providing better education to students from underdeveloped areas. Conducting the camp in the villages and providing the facilities and comfortabilities to camp volunteers. Students fall behind to interact with village peoples. By engaging in extracurricular activities, they can eliminate the inferiority within them and make their own lives. The resources needed to run a large number of these types of programs are adequate infrastructure and management facilities.

The resources required are adequate funds and maintenance facilities to conduct a greater number of this kind of programs
